Eagan, Minnesota 55123

Subject: Termination of State Cessation Order No.MC-2013-59-01 TME Asphalt Ridge; Cameron #1 Project, S/047/0036, and TME AR Lecy Project, S/047/0088, Uintah County, Utah

**Response Due By: March 4, 2013**

Dear Mr. Runquist:

Enclosed please find the termination notices for the above referenced cessation orders. On January 30, 2013, the Division sent a proposed assessment for these violations. The termination of the violation does not affect the assessment of the fine. Therefore the assessed amount is considered final (\$1,320 for cessation order MC-2013-59-01 and \$990 for cessation order MC-2013-59-02, for a total amount of \$2,310) and payment is due by March 4, 2013 unless you have filed for an informal conference to appeal either the fact of the violations, the amount of the proposed assessment, or both. Please remit payment of the penalties to the Division, mail c/o Sheri Sasaki.

Please note you still have the right to appeal either the fact of the violations, the assessed penalty, or both. Instructions for filing the appeal(s) were sent with the proposed assessments for each cessation order.

Now, there is one additional compliance issue that has been brought to my attention that needs your timely response. On page 2 of the Notice of Intention for the TME Asphalt Ridge Mine (permit # M/047/0089). You committed to combine your operations into one permit. This action is long overdue and needs to be addressed immediately to avoid additional enforcement action (with accompanying penalties). Please contact Leslie Heppler (email at [leslieheppler@utah.gov](mailto:leslieheppler@utah.gov)) to discuss the details needed to complete this task.

Sincerely,

Lynn Kunzler  
Assessment Officer
